

Tunis Carthage Virtual Airlines

# Partnership Policy

## For Flight Simulation Organisations

---

Last updated 5 Decembre , 2015

---

## Overview

Online-active organisations may request a partnership with Tunis Carthage VA.

This partnership will be negotiated with the VA's executive and will agree to offer resources, including but not limited to, below mentioned points, helping promote and increase operations and popularity of/for both partners.

Our partners could be Virtual Airlines, Virtual Aviation Organisations, including their divisions.

## Purpose and means of partnership

Your partnership with Tunis Carthage VA will provide your Virtual Airline and pilots with a number of benefits :

- **Website linking** : Your logo will be displayed on the partners section of our website and will be linked to your homepage URL.
- **Access to our statistics** : Your VA will be given access to the latest statistics data and information our departments rigorously produce.
- **Code Sharing** : VA Exclusive - Organise, schedule and perform mutually shared flights, with shared flight numbers.
- **Event organisation and promotion** : Our events service will be in constant communication with your team in order to co-organise events and promote one another's on social media.

## Requirements

- **Be constantly active online and a functioning website.**
- **Show a professional attitude.**
- **Provide high quality service.**
- **Display our logo, and regularly promote our activities.**
- **Agree and co-operate on further negotiations.**

Tunis Carthage VA reserves the right to deny partnerships based on website reliability, previous incidents, and/or community feedback. The above-mentioned requirements may be reviewed at any time.
